## Sustâne Organic & Natural Fruit and Flower Plant Food 4-6-4

is a slow-release nitrogen fertilizer made from biologically stable compost, and other natural and organic ingredients. This product is recommended for use on both annual and perennial vegetables, fruits, flowers as well as in landscape beds, and potting soil mixes. This product is allowed for use in the production of organic fruits and vegetables.

*Permitido para el uso en la producción de frutas y vegetales orgánicos*

### Usage and Application Rates:

Cantidades para el uso y la aplicación:

For best results, apply water after application. Application rates vary based on soil conditions, plant species and desired rate of growth. It is recommended to have soil tested prior to applying any fertilizers.

**New Garden Bed Preparation:** Apply 1 cup of Sustâne for every 10 ft<sup>2</sup> of bed space or 3 lb. per 100 ft<sup>2</sup> (126 grams per m<sup>2</sup>). Incorporate into the top 4" (10 cm) of soil.

*Preparación para comenzar un jardín: Cada 10 pies<sup>2</sup>, colocar una taza de fertilizante o 3 lb, por cada 100 pies<sup>2</sup>.*

**Vegetable Garden Rows:** Apply 1 cup of Sustâne for every 10 ft of row length (45 grams per m).

*Cultivo de vegetales en hileras: Colocar una taza de Sustâne cada 10 pies en la hilera.*

|          | Tbsp Per sq. ft. | Pounds per 100 sq. ft. | Conversion:       |                    |
|----------|------------------|------------------------|-------------------|--------------------|
| Cucumber | 1.4              | 2.75                   | ¼ Cup = 34 grams  | 1 lb. = 3 1/3 cups |
| Lettuce  | 2.7              | 5                      | ½ Cup = 68 grams  | 1 lb. = 454 grams  |
| Tomatoes | 3                | 5.75                   | 1 Cup = 136 grams | 1 kg = 7 1/3 cups  |
| Peppers  | 0.8              | 1.5                    |                   |                    |

**Transplants and Established Plants:** Apply ¼ cup of Sustâne into the hole prior to planting transplants. For established plants, topdress and work ¼ cup into the top 2"- 4" (5 - 10 cm) of soil around the base of the plant. Application rates for specific plants are available at [www.sustane.com](http://www.sustane.com).

*Para plantas establecidas y a trasplantar: Colocar ¼ de taza de Sustâne, alrededor de la base para las plantas establecidas y en el pozo para las trasplantadas.*

**Soil Mixes and Potted Plants:** Incorporate Sustâne into the potting mix at a rate of 2 cups per cubic foot of mix (12 grams / cubic liter).

*Mezclas de tierra & plantas en macetas: colocar Sustâne en la mezcla de tierra a una proporción de 2 tazas por pie<sup>3</sup> de la mezcla (12 gramos/litros<sup>3</sup>).*

**Coverage:** 5 lb. covers 250 ft<sup>2</sup>. at 0.67 lb. of nitrogen per 1,000 ft<sup>2</sup>.

*Cobertura: 5 libras cubre 250 pies<sup>2</sup> de 0,67 libras de nitrógeno por 1.000 pies<sup>2</sup>.*

### Caution Statement:

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

Use only as directed. Store in a cool, dry place. Keep out of reach of children.

### Disclaimer and Limitations of Liabilities:

There are no warranties, expressed or implied, beyond the printed statements on this package. Under no circumstances shall Sustâne Natural Fertilizer, Inc. be liable for any damage resulting from a failure to use this product in accordance with the printed directions on this package or local fertilizer ordinances. In no event shall Sustâne Natural Fertilizer, Inc.'s liability for damages arising out of the use of this product exceed the purchase price of the product.
